

AMENDED IN ASSEMBLY MARCH 26, 2007

CALIFORNIA LEGISLATURE—2007–08 REGULAR SESSION

ASSEMBLY BILL

No. 950

Introduced by Assembly Member Salas

February 22, 2007

An act to amend Section 68075 of the Education Code, relating to public postsecondary education.

LEGISLATIVE COUNSEL’S DIGEST

AB 950, as amended, Salas. Public postsecondary education: ~~resident classification: military veterans and members of their immediate families~~ *student residency requirements: active duty military.*

Existing law establishes uniform student residency requirements for purposes of ascertaining the amount of tuition and fees to be paid by students of public postsecondary education institutions. ~~An undergraduate student at a campus of the California State University or the California Community Colleges is entitled to resident classification for the purpose of determining tuition and fees, if that student is a member of the Armed Forces of the United States stationed in this state on active duty. A graduate student at the California State University is entitled to resident classification for the purpose of determining tuition and fees, for no more than one academic year, if that student is a member of the Armed Forces of the United States stationed in this state on active duty.~~ *Existing law entitles a graduate student at a campus of the California State University who is a member of the Armed Forces of the United States stationed in this state on active duty to resident classification for the purpose of determining the amount of tuition and fees for no more than one academic year, and thereafter applies uniform residency requirements to that student. Members of the*

Armed Forces assigned for educational purposes to a state-supported institution of higher education are exempted from these residency classifications. Members of the Armed Forces assigned for educational purposes to a state-supported institution of higher education are excluded from these residency classifications. Existing law requests the Regents of the University of California to establish the same residency requirements for students enrolled at the University of California.

~~This bill would eliminate the one-year limitation on resident classification for graduate students, and would additionally entitle members of the military reserves and military veterans, as well as members of the immediate families of those persons, to resident classification extend to 3 academic years the period during which these active duty military graduate students would be entitled to resident classification for the purpose of determining the amount of tuition and fees.~~ The bill would request the Regents of the University of California to establish, *for students enrolled at the University of California*, the same residency requirements as those established by this bill ~~for students enrolled at the University of California.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
